

BUDDSTEEL

BUILT TO WORK. BUILT TO LAST.

A BETTER LOOK. A BETTER LOCKER.

UPGRADED METAL LOCKERS WITH SOLID PHENOLIC OR MELAMINE DOORS

Buddsteel's new metal lockers combine the strength of welded steel with the refined look of premium door materials. The result is a locker system that's stronger, better looking and built to last.

Our finished product
is significantly nicer
than a typical metal
locker.

BUILT TO LAST

Our doors do not rust,
dent or scratch easily.

BEAUTIFIES ANY SPACE

Modern colours and a clean,
high-end finish enhance
any hallway.

EASY TO CLEAN

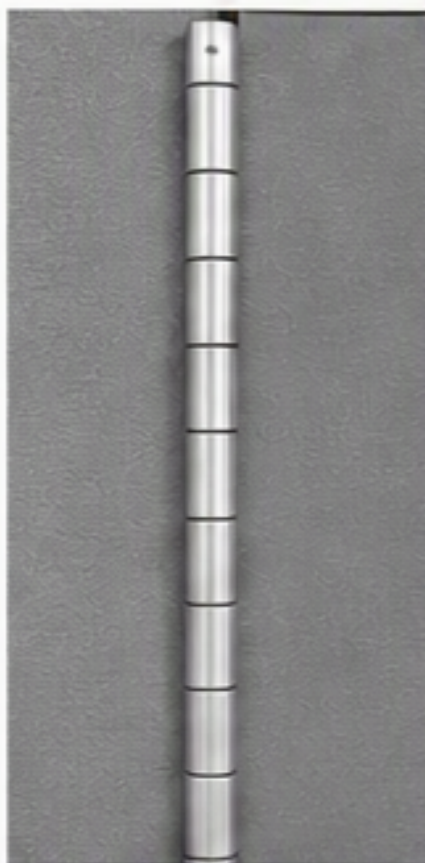

Smooth, non-porous surfaces
are easy to clean and
maintain.

CANADIAN MADE. BUILT FOR CANADIAN FACILITIES.

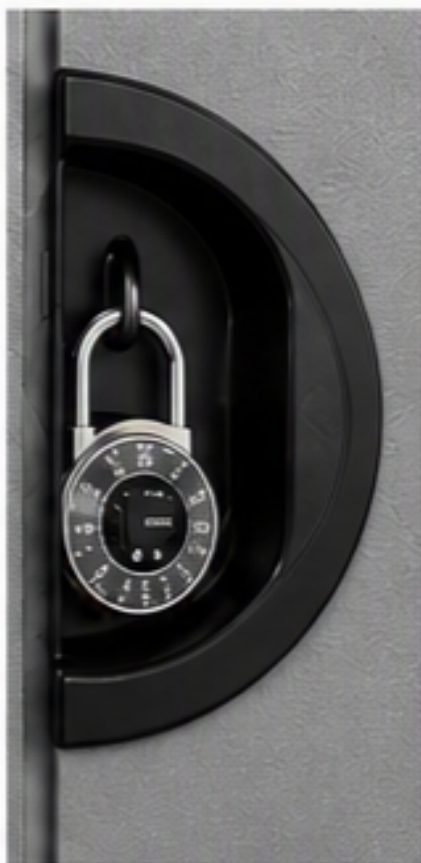

QUALITY IN THE DETAILS

We use quality components and materials to deliver a locker system that looks great and performs even better.

CONTINUOUS HINGE

Full-length aluminum hinges provide strength, security and smooth operation.

BLACK NYLON POCKET

Durable and impact resistant with a sleek, built-in look.

NUMBER TAG

Clean, durable number plates for easy identification.

PROFESSIONAL INSTALLATION

Expertly installed for a perfect fit and lasting performance.

NEW OR EXISTING LOCKERS – WE'VE GOT YOU COVERED.

Our Solid Phenolic or Melamine doors can be installed on both new locker systems or to upgrade existing lockers. It's a cost-effective way to extend the life of your lockers while dramatically improving their appearance and performance.

SOLID PHENOLIC DOORS

Ideal for high humidity and wet environments such as pools, fitness centres, recreation facilities and change rooms. Solid Phenolic doors are water resistant, extremely durable and built to perform.

MELAMINE DOORS

A cost-effective, attractive solution perfect for dry environments such as offices, staff rooms, schools and administrative areas.
